JAMIESON RANCH —VINEYARDS—

Jamieson Ranch Vineyards, *is the southernmost winery in the Napa Valley. The property's 300 acres of gently rolling hillsides and terraced vineyards were formerly part of General Mariano Vallejo's Rancho Suscol in the mid-1800s. Today the ranching tradition continues, with cattle grazing the hillsides, sheep amidst the vines for weed control, and an apiary, from which we source our estate honey.*

The unique architecture of Jamieson Ranch Vineyards is reminiscent of a majestic western mountain lodge, replete with soaring ceilings, seating around a cozy fireplace, an observation gallery overlooking the barrel room and production area, and a spectacular wraparound veranda that affords sweeping views of the Napa Valley and San Pablo Bay.

Jamieson Ranch Vineyards has formed the Light Horse Foundation, dedicated to helping at-risk individuals, particularly those with autism, and supporting other important humanitarian causes. A portion of profits will go to support the Light Horse Foundation.
